

# BORA

## Revit Technician

Bora Architecture & Interiors is seeking an energetic, self-motivated Revit Technician who shares our values of positive social impact, sustainable innovation and forward-thinking design to join our growing practice in Portland.

The ideal candidate will bring a comprehensive knowledge in 3D modeling and Autodesk Revit software with an interest in developing creative assets, maintaining standards and assisting project teams. We are looking for candidates with enthusiasm for integrated design and technical modeling, an ambition to learn and grow and a commitment to actively contribute to our creative and equitable firm culture.

### Qualifications

- A minimum AA or Autodesk Revit Certification with 2+ years of professional experience in an AEC industry firm / office
- Understands BIM Collaborate Pro
- Can create complex 3D families and demonstrates strong modeling skills
- Ability to juggle multiple projects and prioritize workflow with the help of senior team members
- Effective communication skills and willingness to train / support staff knowledge growth
- Exceptional initiative and follow-through skills
- Eager to learn and able to receive constructive feedback
- Experience with software used for sustainability analysis, clash detection, point cloud integration, etc. in Revit

### Roles and Responsibilities

- Assist with project start-up in Revit and documentation framework
- Responsible for training staff on current practices and procedures to efficiently produce quality project deliverables.
- Develop project specific elements ranging from kit of parts to single, multi-faced families to accelerate design investigations, expedite repetitive tasks
- Reinforce the QA/QC process by distributing real-time updates to project teams and models.
- Monitor and maintain model health and performance

- Assist and support in the development and training of Bora BIM best practices
- Prepare instructional material to be shared with staff highlighting new Revit / template features.
- Support the Bora Template by incorporating changes and monitoring submissions to the Bora Content Library for performance and conformance with standards.
- Research emerging trends and technologies in BIM
- Identify opportunities for improvement to Bora's internal process, application and integration of Revit into our project work

### Compensation and Benefits

We care about the wellness of your whole person, both within and outside of work. As such, Bora is proud to support its employees with a robust benefits package which includes:

- Competitive pay commensurate with experience
- Comprehensive medical, dental and vision insurance
- Flexible Spending Account (FSA)
- [Paid Family Leave](#)
- Traditional and Roth 401(k)
- Pre-tax TriMet Hop Fastpass
- In-office bike storage
- Licensure exam and AXP support
- Continuing education access
- Mentorship opportunities
- Use of the [Bora Beach House](#)
- Hybrid Work Support – Monthly Technology Stipend

### To Apply

Please send your letter of interest, resume and work samples to [careers@bora.co](mailto:careers@bora.co). In order to counter implicit bias in our recruitment process, we ask that candidates not include headshots in their application.
