

BORA

Architectural Designer (Two full-time positions available)

Bora Architecture & Interiors is seeking energetic, self-motivated architecture professionals who share our values of positive social impact, sustainable innovation and forward-thinking design to join our growing practice in Portland.

Position Summary

Work on architectural design assignments as planned, directed, and supervised by senior-level architects or interior designers.

Job Duties

- Assist architects in the architectural design process from conceptual design through overall completion of projects
- Develop architecture work in various modes of design—from sketching to computer modeling to fabrication and full-scale mockups—to explore design options and create presentation graphics to be shared with in-house team and/or client group.
- Use design software—including Rhino, Grasshopper, SketchUp, Revit, Adobe Creative, and ArcGIS—to document project design and perform redline changes and revisions.
- Promote architectural firm's common knowledge base by familiarizing other staff members who need help with design software and by creating Graphics Reference document for Brand Lane.
- Contribute to the sustainability efforts both at firm and project level by participating in the firm's green and LEED initiatives with research and environmental analyses to drive the conception and design of energy-efficient and environmentally sustainable "green building" projects.

Minimum Job Requirements

- Bachelor of Architecture from a U.S. accredited university
- Architecture portfolio demonstrating architectural skills and abilities:
 - (a) in computational analysis to optimize building structures
 - (b) in mass timber design and construction for K-12 school projects and other taller wood buildings; and
 - (c) with Architecture design-related software skills, including:
 - (i) Revit for building information modeling (BIM)
 - (ii) Adobe Creative Suite and/or Creative Cloud
 - (iii) Rhino, Grasshopper, and SketchUp 3D modeling software
 - (iv) ArcGIS geographic and analysis software for spatial data

May work remotely from within the Portland-Vancouver-Hillsboro, OR-WA PMSA. Must be willing, able, and ready to work as needed or as required from employer's actual worksite.

Location

Portland, Oregon

Rate of Pay

\$58,000/year to \$64,000/year, depending on actual level of education, training, and experience.
